Alberta

HOLDS THE KEY!

A glance at the map will show that Alberta is in the key position for the development of the Northland.

Notice how major rail, air and water routes for the fabulous wealth of the far north concentrate upon Edmonton, Waterways and McMurray, Peace River and Grande Prairie. Notice too how routes from these points radiate to Calgary, Lethbridge, Medicine Hat and the great metropolitan centres of eastern Canada and the United States.

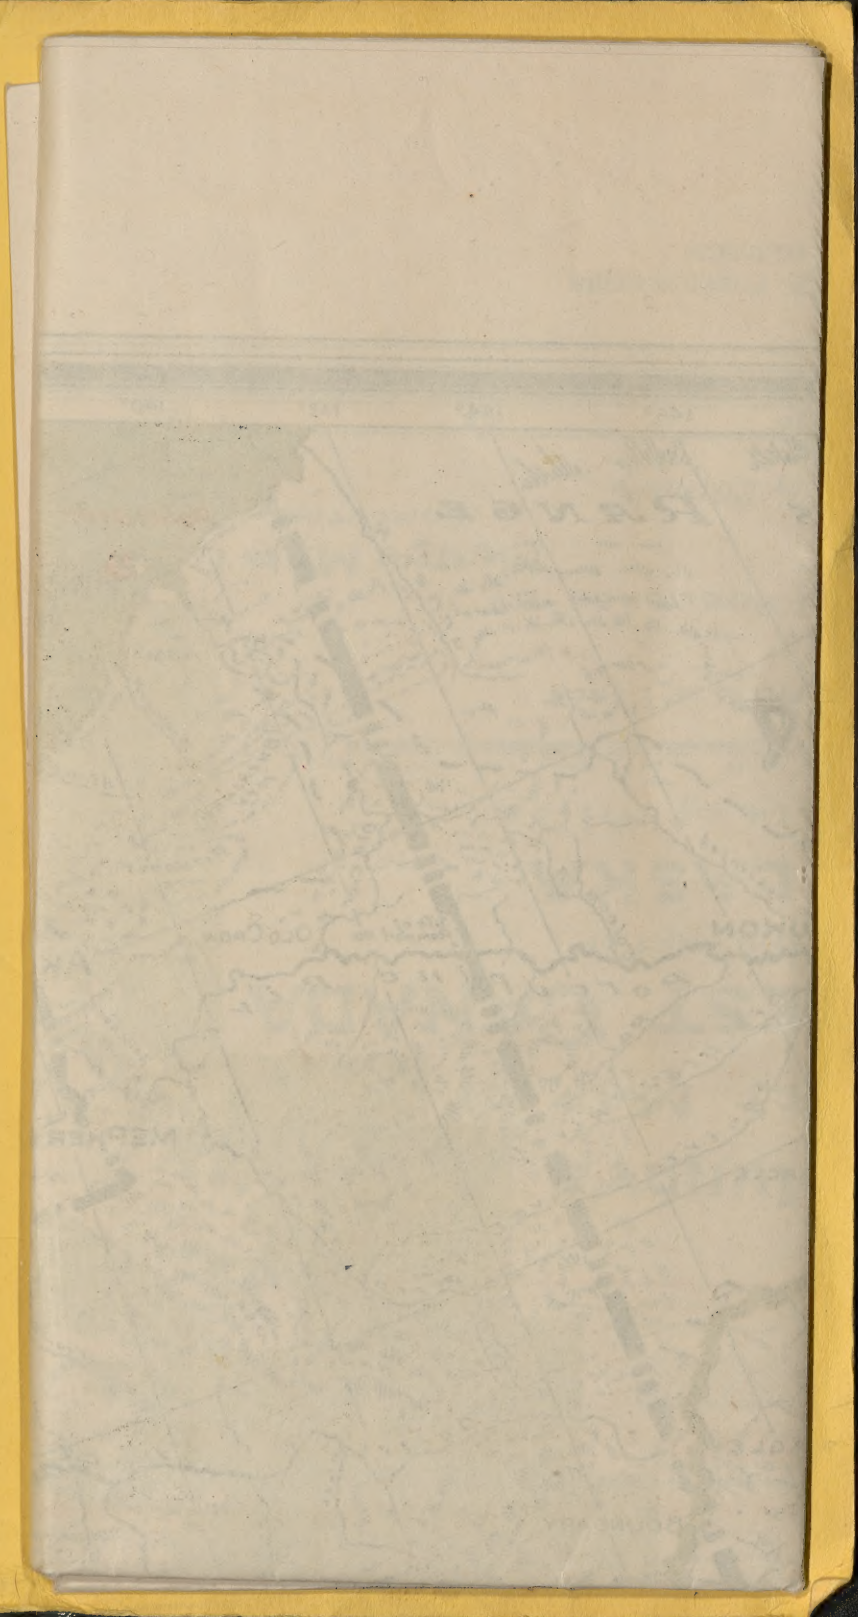

This map records something of the natural resources of Alberta. While it is not an official Government publication it gives further enlightenment on these resources and by so doing it is serving the interests of the Province.

Alberta's growth and progress depends upon these resources. See for yourself.

Alberta

HOLDS THE KEY!

A glance at the map will show that Alberta is in the key position for the development of the Northwest. It is the only province in the Northwest which has a long coast on the Pacific Ocean. It is the only province in the Northwest which has a long coast on the Arctic Ocean. It is the only province in the Northwest which has a long coast on the U.S.S.R. It is the only province in the Northwest which has a long coast on the U.S.A.

The map reveals something of the natural resources of Alberta. While it is not an official Government publication, it gives a general impression of the resources and by so doing it serves the interests of the Province.

Alberta's growth and progress depend upon these resources. See for yourself.

Hudson's Bay Company
INCORPORATED IN CANADA

**Hudson's Bay Company Steamer Unloading at
 Port of Entry**

During the past 1941 the Hudson's Bay Company
 steamer service of the Hudson's Bay Company, in addition
 to serving the regular trade of the north, has
 been responsible for the handling of a very large proportion
 of the food supplies to the north.

A steamer and passenger service is maintained by
 Hudson's Bay Company steamer in all ports in
 the Hudson's Bay District serving over 2,000
 miles of water.

**Hudson's Bay Company Department Store in
 Edmonton, Alta.**

The Hudson's Bay Company established its first
 department store in 1781 and now operates in Edmonton,
 one of the most modern department stores in
 Western Canada.

Other large department stores are operated by the Company
 in Winnipeg, Saskatoon, Calgary, Vancouver and Victoria.

MAP OF ALASKA AND PART OF WESTERN CANADA
 AND TERRITORIES

Hudson's Bay Company.

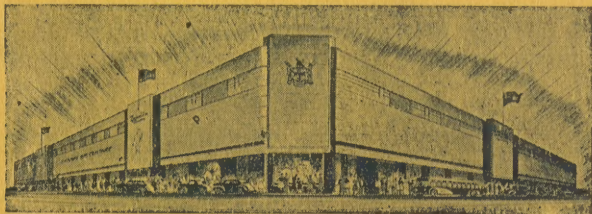

INCORPORATED 2ND MAY 1670.

**Hudson's Bay Company Steamer Unloading at
Norman Wells**

During the year 1942 the Mackenzie River Transport Service of the Hudson's Bay Company, in addition to serving the regular needs of the north, was responsible for the handling of a very large proportion of the Canol freight to Norman Wells.

A freight and passenger service is maintained by Hudson's Bay Company steamers to all points in the Mackenzie River District covering over 3,000 miles of water.

**Hudson's Bay Company Department Store in
Edmonton, Alta.**

The Hudson's Bay Company established old Fort Edmonton in 1795 and now operates in Edmonton one of the most modern department stores in Western Canada.

Other large department stores are operated by the Company in Winnipeg, Saskatoon, Calgary, Vancouver and Victoria.
